CARETERO

We care about you

Caretero was established at the beginning of 2009 as a new brand owned by Children's Goods Distribution Centre IKS 2. We entered the market with two major priorities in mind – quality and affordable prices. We stay true to these values until the present day.

The brand's portfolio includes car seats, strollers, high chairs, travel cots, loungers and swings, and folding playpens. We also offer a wide selection of additional accessories. Caretero is simultaneously conquering markets not only in Europe but also in many countries outside its borders. We are constantly developing, introducing new products to meet the needs of every parent.
